We Recover Furniture and Do Carpet Laying.

## Lodge Notes and Fraternal Interests

American Mechanics Installed—Elks Planning Fair—State President Visited Germania Lodge—United Workmen Award State Banner.

### ORDER OF PROTECTION.

Thames lodge, No. 326, with Warden Henry Congdon presiding, and Deputy William Kingston of New London as a visitor, held its regular meeting on Tuesday evening in Foresters' hall. Some discussion of the district class initiation for the last meeting in March was indulged in. Although no new applications were presented at this meeting, dependable promises were made that there would be a number brought to the secretary's desk by the next two weeks, and others will still follow those so that the lodge will have its share of candidates.

The last statement of the N. E. O. P. B. and R. fund shows \$75,000 paid out for 58 drafts for death benefits. There were 17 deaths in Connecticut, but none of them in this jurisdiction. In the B. & R. fund Jan. 20, 1910, balance \$119,489, against which there is \$60,500 in liabilities.

### ODD FELLOWS.

As Captain Otto F. Ernst of Canton Onece, No. 3, held the position of major of the Second Battalion, an election was held in Odd Fellows hall on Thursday evening, by the captain, his place as captain, Frank L. Tuttle was elected captain, Herbert Wiley lieutenant, and J. A. Peck ensign, the other

are coming down, and the fair is planned to exceed all things of its kind known in the state. It will be held in Olympic hall. The attractions have not yet been booked. At the next meeting of the lodge the nominations of officers will be made for election at the March meeting.

### UNITED WORKMEN.

Norwich lodge, No. 12, of Norwich, had one of its best meetings in months at its last gathering. Master Workman Fred H. Hurd, president, presided. Two applications for membership were received. Everything is about ready for the installation of the lodge's recently elected officers, who will serve during 1910, and the lodge reports sent in to the grand lodge of Connecticut, have been approved and the installation will take place at the next meeting. Supervisor Robert Charles W. Talcottville is expected to conduct the installation.

Finch lodge, No. 17, of Montville, had its installation of officers last Thursday night. The ceremonies were conducted by the grand master, Charles S. Brightman of Stonington, assisted by Past Grand Master Workman John C. Smith of Stonington. A banquet and speechmaking and general good time followed.

Grand Recorder Stroh of New Haven has received official announcement of the death of a much esteemed member of Ashland lodge, No. 24, of Jewett City, Brother Edmund Wood, who died January 29, in his 68th year. He leaves a wife and two daughters and was a much valued resident of Jewett City and was an over-seer in a mill in the place. Brother Wood was leader of the Methodist church choir there for many years. He was also a special policeman and a constable.

The reports issued by Grand Recorder Stroh at the grand lodge office in New Haven show the highly gratifying growth of the reserve fund of the grand lodge of Connecticut, which now amounts to the very handsome figure of \$184,000 which is an increase of \$14,000 since the end of December last.

The report also shows that the order in Connecticut made a net increase in membership in December. The grand recorder reports that this result is largely brought about by the splendid financial condition of the order, its prompt payment of death claims and the fact that members as well as the public are beginning to realize more fully that the plans and rates of the order offer more than temporary insurance.

The presentation of the state A. O. U. W. banner to Housatonic Valley lodge, No. 72, took place last Friday evening at the lodge's hall in Cornwall bridge and was a highly interesting occasion. This was the second time it has won the banner.

**AMERICAN MECHANICS.**  
 Deputy Grand Councilor C. A. Perkins of William W. Williams council, No. 72, of Lebanon, visited Miantonomah council, No. 20, of Norwich on Friday evening in Pythian hall, and installed its officers as follows: C. F. S. Smith, V. C. J. McKenzie, R. S. Smith, A. A. Guile, F. S. Frank Q. Smith, treasurer, J. Henry Fitch, Sec. S. J. Smith, Ind. Sec. H. H. Hurd.

**MONTVILLE'S NEW ROAD.**  
 Inspector Donovan Invites Criticism When Work is Completed.  
 In reply to a statement issued from Montville to the effect that the section between the town and the new state highway are washed badly and will have to be done over again in the spring, Inspector John Donovan of this city writes as follows:

In the first place if the selectmen of Montville had been properly regarding the conditions of the road at Montville they should have caused to be printed something new, as every man, woman and child knew that the piece of macadam which is alluded to was not accepted, and they also know that the road was held up for a number of weeks before the top courses were laid waiting for Commissioner MacDonald to inspect the quality of the stone. When Commissioner MacDonald did examine the stone he promptly kind of it. In fact he would not approve of any stone in Montville for the reason that there was no stone in the town which was suitable for macadam. He ordered the macadam near the fountain to be made safe for travel during the winter, and this has been done. The contractors, B. D. Pierce & Co. of Bridgeport, were ordered to find suitable stone for macadam. They accordingly made a contract with Mr. Dewolf of Trading Cove for the stone, as Commissioner MacDonald had approved of the stone at Mr. Dewolf's place. If the people interested in good roads would wait until roads were finished and accepted, before passing judgment or abusing the contractors or the commissioner, much better results would be obtained. Abuse is no argument. It does not assist those who have a duty to perform. On the contrary it retards the progress. When the road is finished criticism is invited.

**VALE PERPLEXED.**  
 Rowing Dates on Thames May Cause Trouble.  
 New Haven, Feb. 4.—Force of circumstances has brought perplexity to the rowing authorities at Yale university. It almost appears as if the future races on the Thames river between Yale and Harvard is in the balance. Yale has conceded to Harvard the date of June 30 for this year's regatta, and

**REBEKAHS.**  
 The members of Hope lodge, No. 21, came to the front with a rush of new applications at their meeting Wednesday evening in Odd Fellows' hall, at which John A. Grant, L. L. B. Palmer was in the chair. Five new names for membership were proposed, and reports were made of more than three to come. Insuring a room that will give plenty of work for the degree team in their new robes for the next month or so. There was a good attendance at the meeting.

**SONS OF VETERANS.**  
 Plans for the observance of Lincoln day with a special programme for the evening are under way by Sedgwick camp, No. 4. This will be on next Friday evening. Other organizations will be invited, but the complete programme is not completed yet.

**ELKS.**  
 Thursday evening in Pythian hall the regular meeting of Norwich lodge, No. 420, was held. Exalted Ruler William R. Stevens presiding. The time was largely occupied with the report of the committee and discussion on the big fair which will be held for four days in April for the benefit of their new lodge room. A number of interested members and friends from other lodges have sent word that they

next year, the understanding is, Yale shall have concessions if need be. The trouble has arisen over the earlier date for the commencement at Yale, which by vote of the corporation is to be one week in advance of the custom so long followed, of having the exercises in the last week of June. The week conflicts with the commencement at Harvard. At Yale the commencement wound up on Wednesday, and the boat races followed the next day. This gave the several hundred new graduates and the remainder of the undergraduate body which had stayed over the Mass day baseball game with Harvard.

At Yale the situation is considered to be a critical one, with grave possibilities for the future aquatic relations of the two universities. No prediction of the races will be given up are made, as it is felt that future conferences ought to devise some means of overcoming the obstacles.
